

RJ45 Plug QC Cable tester

Main Features:

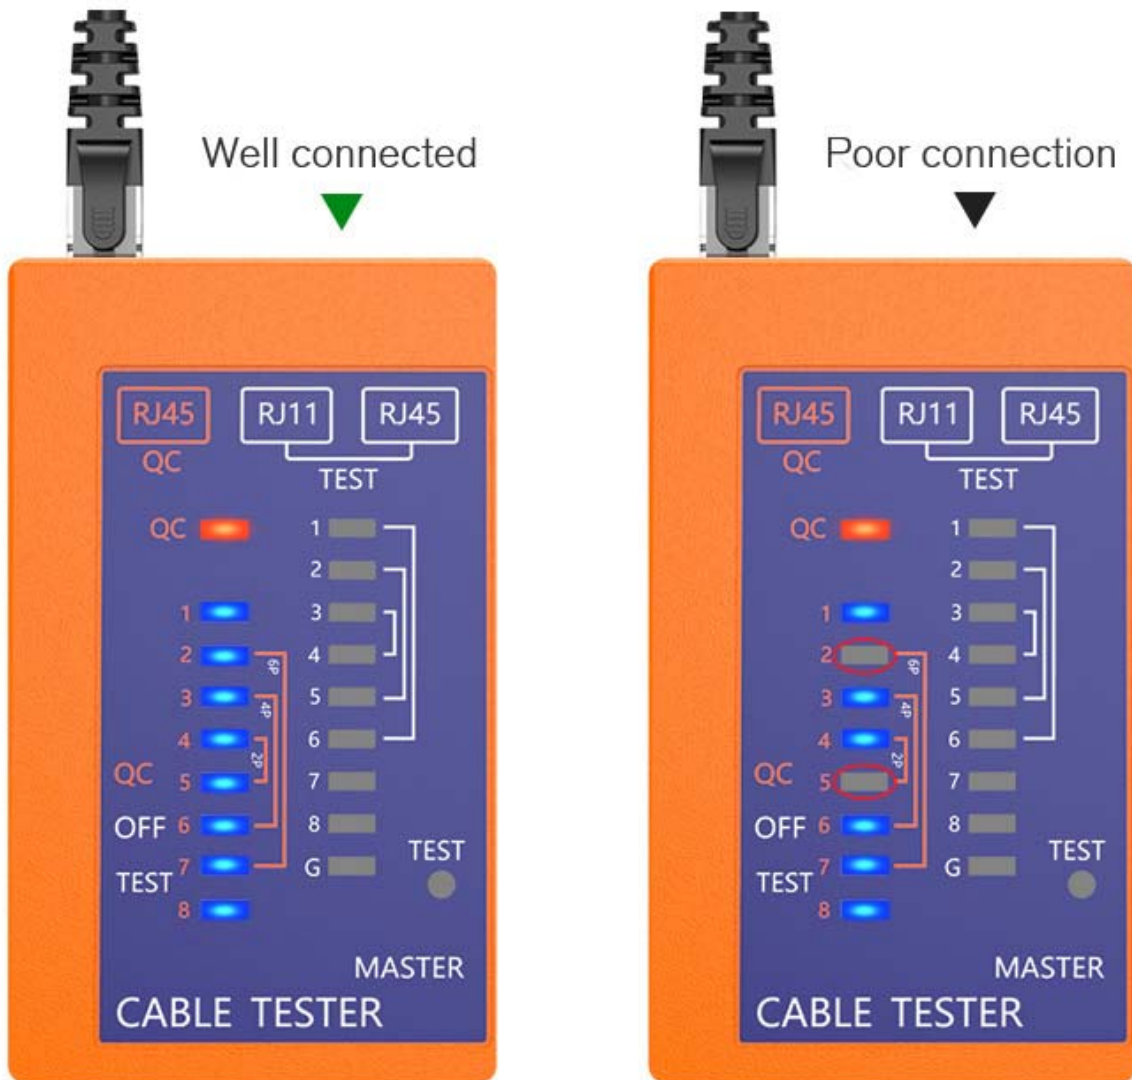

- [Compatible]** support cat8/cat7/cat6e/cat5 cable cat6 tester and ethernet port test adaptive 10/100/1000 Base-T.
- [QC Single side RJ45 connector test]** When crimp the RJ45 connector, it's for the crimping accuracy of your RJ45 connector tines! In the absence of a network cable, it can also detect whether RJ45 connector tines are bad.
- [RJ45 RJ11 Cable continuity]** Checks cable continuity, open, short and cross;
- [PoE Endurable]** test POE network port in the running state of the high-power POE power switch.

Technical Parameters:

MATERIAL	ABS Plastic
Compatible Connectors	RJ45x2 / RJ11
Power Supply	AA Battery x1
Max working current	20mA
Working Temperature	-10°C~ +60°C
Storage Temperature	-20°C~ +70°C
Dimension	1033*96*24mm
Weight	130g

Detect network cable and telephone line, multi-function automatic detection three in one-Single head can detect whether the crystal head is successful

Network cable detection comparison

POE On-off detection

Can be connected to the POE switch to test directly
without burning the equipment
